The family of Herman Taylor III - the city's 37th victim of gun violence on July 12, 2006 - and a growing network of concerned citizens is organizing the second annual march and rally to:

- Bring awareness, peace and healing to neighborhoods impacted by violence
- Send a message about the critical need for peace and solidarity in communities terrorized by violence on America's streets.
- Reach out to youth and families who have lost loved ones to violence to get involved in transforming their communities
